

### **Remarks**

The Applicants note with appreciation the allowance of Claims 12-17 and the indication that Claims 18-23 would be allowed if rewritten to overcome the rejection based on 35 U.S.C. §112.

The Applicants have amended Claim 18 by removing “by the displacement means” in accordance with the Examiner’s helpful suggestion with respect to proper antecedent basis. The Applicants also note that the means for orientation referred to in dependent Claim 21 are the same as the now deleted displacement means from Claim 18. In any event, the Applicants respectfully request withdrawal of the 35 U.S.C. §112 rejection of Claims 18-23.

The Applicants note with appreciation the Examiner’s helpful comments concerning the “related application” section of the Specification. An appropriate correction has been made to the related application section in accordance with the Examiner’s helpful suggestion so that it is completely consistent.

The Applicants enclose a certified copy of FR 01/07216 and respectfully request that the certified copy be entered into the official file and that proper notification of receipt of the certified copy is also placed in the official file.

In light of the foregoing, the Applicants respectfully submit that the entire application is now in condition for allowance.

Respectfully submitted,
